1 PERIOD COVERED BY THIS REPORT

This report covers the work of the Mental Health Legislation Committee for the financial year 1 April 2022 to 31 March 2023.

2 INTRODUCTION

The Mental Health Legislation Committee is a sub-committee of the Board of Directors and provides assurance to the Board on compliance with all aspects of mental health legislation. This is a huge responsibility given that at any one time the Trust has around 282 people in its inpatient services who are detained under the Mental Health Act 1983; 178 people who are living in the community on conditional discharge or subject to a legally binding Community Treatment Order (this means that the Trust has power to readmit them to hospital if required); and seven people who have been assessed as lacking capacity to make decisions about their care and are detained under Deprivation of Liberty Safeguards. When the Trust considers whether or not people should be detained (or sectioned) five guiding principles have to be applied:

- Least restrictive option and maximising independence
- Empowerment and involvement
- Respect and dignity
- Purpose and effectiveness (of potential detention)
- Efficiency and equity.

In addition, the Trust's regulator, the Care Quality Commission (CQC) inspects the way in which the Trust administers the legislation via cyclical inspections and regular "spot checks".

The committee receives assurance through reports, both regular and bespoke, to ensure compliance is regularly monitored. This includes a report from the Mental Health Legislation Operational Steering Group which considers the practical issues staff face and how they are being resolved, reviews feedback from service users and CQC spot checks, and maintains and reviews the risk register. The committee also receives feedback from the Mental Health Act Managers about the way in which they are carrying out their role in reviewing detentions.

Membership of the Mental Health Legislation Committee is currently made up of two non-executive directors (NED) (including the Chair of the Committee), the Medical Director and the Director of Nursing, Quality and Professions. Whilst only two non-executive directors are substantive members of the committee, the other non-executive directors are invited to attend on an ad-hoc basis as and when they feel it appropriate, or to ensure quoracy. Further information about the membership of the committee can be found in section 5 below.

3 TERMS OF REFERENCE

The Terms of Reference (ToR) were reviewed by the committee on 1 November 2022. Amendments were made to the attendees of the meeting specified by the ToR which reflected the composition of the Committee. This included removing the “Deputy Chief Operating Officer” from the list of attendees and replacing this with “Chair of the Mental Health Legislation Operating Steering Group”, as well as making amendments to the identified deputies in line with this change. A change was also made so that all references to “Deprivation of Liberty Safeguards” in the ToR also referenced “Liberty Protection Safeguards” to future-proof the ToR to anticipated changes in this area. The Terms of Reference were ratified by the Board of Directors on 24 November 2022 and are attached for information at Appendix 2.

4 MEETINGS OF THE GROUP / COMMITTEE

During 2022/23 the Mental Health Legislation Committee met formally on four occasions.

The dates on which the committee has met during the year are as follows:

3 May 2022
9 August 2022
1 November 2022
7 February 2023

5 MEMBERSHIP OF THE COMMITTEE AND ATTENDANCE AT MEETINGS

In 2022/23 the Committee had three different NED Chairs. Sue White was Chair of the Committee until her final Term of Office as a NED ended with the Trust on 31 October 2022. On the 1 November 2022, Kaneez Khan joined the membership of the Committee as a NED, and Merran McRae became Chair of the Committee. On the 1 January 2023, Merran McRae started her role of Chair of the Trust, at which point Kaneez Khan became Chair of the Committee. It was agreed that Merran McRae would remain as the other NED member of the Committee until a new NED could be recruited by the Trust.

The Director of Nursing, Quality and Professions and the Medical Director are also substantive members of the Committee.

6 REPORTS MADE TO THE TRUST BOARD

The chair of the Mental Health Legislation Committee provides a chairs report at the Trust Board. This report assures the Board of the main items discussed by the committee. Should it be necessary to make the Board aware of any matters of concern, this will be done by the chair of the committee in that report, and an outline given of how the committee will take this forward. Where the matter is of significant concern the chair of the committee will ask for direction from the Board, or it may be that the Board takes a decision to receive reports directly. The Board also reviews the Mental Health Legislation Committee Annual Report.

7 THE WORK OF THE COMMITTEE DURING MENTAL HEALTH LEGISLATION COMMITTEE

During 2022/23 the Chair of the Mental Health Legislation Committee confirmed that the Committee has fulfilled its role in accordance with the Terms of Reference which are attached.

In 2022/23 the committee:

- Received assurance that the staff have been properly trained and supported. The Committee monitored mandatory Mental Health Legislation training

compliance in colleagues in the Trust, which saw continual improvement throughout the year. It also received updates on the rollout of comprehensive and widespread Human Rights training in collaboration with the British Institute of Human Rights across the Trust, starting in October 2022. This training will aim to embed Human Rights in the Trust's approach which will improve the Trust's position in preparing for forthcoming legislative changes.

- Received assurance that the Trust has administered legislation appropriately. In August 2022, the Committee received a report on service users who had been detained for an extended period of time (five years and over), including out of area placements. The Committee was assured that there were appropriate review mechanisms and governance frameworks for all service users detained under the Mental Health Act, including the cohort of service users detained for an extended period of time. The Committee also reviewed a number of Fundamentally Defective Detentions which occurred in Q4 2021/22 which related to administrative errors by Approved Mental Health Act Practitioners. Feedback was given to Leeds City Council Adult Social Care team, following which the Committee noted a large reduction in failed detentions throughout the year.
- Received assurance on the oversight of the Trust's contribution to a national consultation on proposed amendments to Mental Health Legislation. A comprehensive response to the Government consultation on its draft Code of Practice for Liberty Protection Safeguarding was generated across the Trust, drawing on contributions from a range of stakeholders. This challenged the legality of parts of this draft Code of Practice in respect to established case law. The Committee also continued to monitor the progress of the proposed changes to the Mental Health Act as it made its way through the legislative pathway of central government.
- Received assurance on the Trust's preparations for changes to Mental Health Legislation. In May 2022, the Committee was assured on the Trust's implementation of changes to the Use of Force Act and efforts to inform service users of these changes. In February 2023, the Committee noted that the Trust was no longer required to complete Section 49 reports requested by the Court of Protection if the individual in question had not accessed the Trust's services, which would ease the administrative burden of the Mental Health Legislation team.
- Received assurance on the continued focus and drive on work to investigate and address issues around serial overrepresentation of service users from ethnic minority backgrounds in crisis and detention. In February 2023, the Committee requested to receive regular reports on the work the West Yorkshire Health and Care Partnership had conducted on preventative and early intervention mental health work in the community, with a view that this work should help address this overrepresentation. It also requested that a needs analysis should be performed to identify services which should be prioritised to receive cultural awareness training which would address some of these challenges.

- Received reports on the challenges which had been identified by the Mental Health Act Managers in carrying out their duties for the Trust. In May 2022, the Committee were assured that specific equality and diversity challenges (such as interpretation, translation, support for deaf and illiterate service users, and service users with no recourse to public funds) were being addressed by the Mental Health Legislation Team. In February 2023, the Committee requested a report to be generated on the lack of advocacy representation identified by the Mental Health Act managers at Mental Health Tribunal Hearings to be produced for a future meeting. This would be asked to identify possible causes for this situation, whether any service users had been negatively impacted by this lack of advocacy, and assurances on what steps were being taken to address this challenge.
- Received assurance that the Mental Health Legislation Operational Steering Group was making excellent progress in ensuring meaningful service user representation and involvement.
- Continued to attempt to receive information on York service users' access to independent advocacy through multiple avenues throughout the year. In February 2023, the Committee requested that the Trust make a formal request to the York Advocacy Service for this data.
- Received assurance from a report covering CQC readiness in respect of Mental Health Legislation issues. In August 2022, the Committee received a comprehensive peer review analysis following the inadequate rating of a comparable Mental Health Trust and was assured that with the exception of one area, levels of awareness and robust plans are in place at our Trust to avoid a similar rating.
- Faced challenges in ensuring meaningful service user voice and engagement in its work. The committee will continue to try to find ways of achieving this in 2022/23.

8 CONCLUSION

As a sub-committee of the Board of Directors, the Mental Health Legislation Committee has provided assurance to the Trust Board regarding compliance with all aspects of the Mental Health Act 1983 and subsequent amendments. It has also received assurance that the Trust has complied with all aspects of mental health legislation including the Mental Capacity Act 2005 and the Deprivation of Liberty Safeguards / Liberty Protection Safeguards. It carried out its work diligently; discussed issues openly and robustly; and kept the Board of Directors apprised of any possible issues or risks.

The Mental Health Legislation has fulfilled its role as a Trust Board governance committee in accordance with its Terms of Reference. This enables the Trust Board to comment on the adequacy and effective operation of the organisation's internal control systems and compliance with the law and regulations.

Despite considerable staffing and operational pressures during 2022/23,

administration of the mental health legislation requirements has been continued effectively.

The committee is extremely grateful to all those who have responded to its requests during the year and who have supported it in carrying out its duties, in particular members of the Mental Health Legislation Team for their hard work, flexibility, and commitment during this very difficult time, and the Corporate Governance Team for its excellent administration and support.

MENTAL HEALTH ACT MANAGERS

The role and remit of the Mental Health Act Managers

Mental Health Act Managers (MHAMs) are members of the public, appointed by the Board of Directors, together with non-executive directors who are able to act in this role. Their key responsibilities are to:

- Review the detention of service users who are either detained under the Mental Health Act or who have been placed on Community Treatment Orders (CTO)
- Discharge those service users who no longer meet the criteria to be detained or are subject to a CTO.

Providing assurance to the Mental Health Legislation Committee is the Mental Health Act Manger’s Forum. The forum is chaired by a non-executive director and/or the lead Mental Health Act Manager to ensure a direct link to the Board of Directors in accordance with the Mental Health Act Code of Practice. This seeks to provide a forum for communication between the committee, the Mental Health Act Managers and the officers of the Trust. It provides a mechanism for assurance on, the robustness of arrangements in place for the Trust to meet its duties in respect of the Mental Health Act 1983.

The Mental Health Act Managers Forum was chaired jointly by Sue White, Non-executive Director, Merran Macrae, Non-Executive Director and Marilyn Bryan, lead Mental Health Act Manager and Deputy Chair of the Forum. In 2022/23 the Forum met four times on 19 April 2022, 19 July 2022, 18 October 2022 and 18 January 2023. All meetings were held remotely via Zoom.

Mental Health Act Managers who have served in 2022/23

We currently have 39 acting Mental Health Act Managers and the table below shows those people who have acted in this capacity during 2022/23. Recruitment to the Mental Health Act Managers panel was completed in December 2022. The recruitment resulted in the successful appointment of 11 new Mental Health Act Managers.

Appendix 2

Mental Health Legislation Committee

Terms of Reference

Update approved by MHLC on 1 November 2022 and ratified by the Board of Directors on 24 November 2022

1 NAME OF GROUP / COMMITTEE

The name of this committee is the Mental Health Legislation Committee.

2 COMPOSITION OF THE GROUP / COMMITTEE

The members of the committee and those who are required to attend are shown below together with their role in the operation of the committee.

Members: full rights

Title	Role in the group / committee
Non-executive Director	Committee Chair
Non-executive Director	Deputy Chair
Medical Director	Executive Director with MHL Knowledge
Director of Nursing, Quality and Professions	Executive Director with links to CQC

Attendees:

Title	Role in the group / committee	Attendance guide
Associate Medical Director for Mental Health Legislation	Advisory and technical expertise	Every meeting
Head of Service (Adult Social Care, Leeds)	Linkage to Local Authority	Every meeting
Head of Mental Health Legislation	Advisory and technical expertise	Every meeting
Deputy Chair of Mental Health Act Managers Forum	MHAM's perspective, experience, and concerns	Every meeting

Title	Role in the group / committee	Attendance guide
Chair of the MHL Operational Steering Group	Linkage to Services, Chair of the MHL Operational Steering Group	Every Meeting
Associate Director for Corporate Governance	Linkage to Board and other sub-committees	As required

In addition to anyone listed above as a member, at the discretion of the chair of the committee, the Committee may also request individuals to attend on an ad-hoc basis to provide advice and support for specific items from its work plan when these are discussed in the meetings.

2.1 Governor Observers

The role of the governor at Board sub-committee meetings is to observe the work of the Committee, rather than to be part of its work as they are not part of the formal membership of the Committee. The governor observes Board sub-committee meetings in order to get a better understanding of the work of the Trust and to observe non-executive directors appropriately challenging the executive directors for the operational performance of the Trust.

At the meeting the governor observer will be required to declare any interest they may have in respect of any of the items to be discussed (even-though they are not formally part for the discussion). Governors will receive an information pack prior to the meeting. This will consist of the agenda, the minutes of the previous meeting and summaries of the business to be discussed. Governor observers will be invited to the meeting by the Corporate Governance Team. The chair of the meeting should ensure that there is an opportunity for governor observers to raise any points of clarification at the end of the meeting.

2.2 Associate Non-executive Directors

Associate Non-executive Directors will be invited to attend Board Sub-committee meetings as part of their induction. They will attend the meeting in the capacity of observer only, unless invited to contribute (in exceptional circumstances) by the Chair. This is so the accountability of the substantive members of the committee is maintained.

Associate NEDs will be invited to meetings by the Corporate Governance Team and will be sent copies of the meeting papers.

3 QUORACY

Number: The minimum number of members for a meeting to be quorate is three and must include one Non-executive Director and the Medical Director. Attendees do not count towards quoracy. If the chair is unable to attend the meeting, and if otherwise quorate, the meeting will be chaired by the Deputy Chair.

Deputies: Where appropriate members may nominate deputies to represent them at a meeting. Deputies do not count towards the calculation of whether the meeting is quorate except if the deputy is representing the member under formal “acting up” arrangements. In this case the deputy will be deemed a full member of the group / committee.

It may also be appropriate for attendees to nominate a deputy to attend in their absence.

A schedule of deputies, attached at appendix 1, should be reviewed at least annually to ensure adequate cover exists.

Non-quorate meeting: Non-quorate meetings may go ahead unless the chair decides not to proceed. Any decisions made by the non-quorate meeting must be reviewed at the next quorate meeting.

Alternate chair: The unique character of Board sub-committees is that they are Non-executive Director chaired. The Mental Health Legislation Committee has two Non-executive Director members hence the role of the chair will automatically fall to the other Non-executive Director if the chair is unable to attend.

4 MEETINGS OF THE COMMITTEE

Meetings may be held face-to-face or remotely as is considered appropriate. Remote meetings may involve the use of the telephone and / or electronic conference facilities.

Frequency: The Mental Health Legislation Committee will normally meet every three months or as agreed by the Committee.

Urgent meeting: Any Committee member may request an urgent meeting. The chair will normally agree to call an urgent meeting to discuss the specific matter unless the opportunity exists to discuss the matter in a more expedient manner.

Minutes: Draft minutes will be sent to the Chair for review and approval within seven working dates of the meeting by Corporate Governance Team.

Meetings may be held face-to-face or remotely as is considered appropriate. Remote meetings may involve the use of the telephone and / or electronic conference facilities.

5 AUTHORITY

Establishment: The Mental Health Legislation Committee is a sub-committee of the Board of Directors and has been formally established by the Board of Directors.

Powers: The MHL Committee’s powers are detailed in the Trust’s Scheme of Delegation. The Mental Health Legislation Committee has delegated authority to oversee the management and administration of the Mental Health Act 1983, the

Mental Capacity Act 2005 and the Deprivation of Liberty Safeguards / Liberty Protection Safeguards. The Committee is authorised by the Board to investigate and seek assurance on any activity within its terms of reference. The Committee is authorised by the Board to approve the appointment, re-appointment and make decisions in respect of remuneration to the Trusts Mental Health Act Managers. The Board will be cited on any decisions taken in respect of Mental Health Act Managers via the Chair's report. The delegated powers will be reviewed by the Board at a minimum of three yearly intervals.

Cessation: The MHL Committee is a standing committee in that its responsibilities and purpose are not time limited. However, the Committee has a responsibility to review its effectiveness annually and on the basis of this review and if agreed by a majority of members the Chair of the committee may seek Board authority to end the Mental Health Legislation Committee's operation.

In addition, the Trust should periodically review its governance structure for continuing effectiveness and as a result of such a review the Board may seek the winding up of the Mental Health Legislation Committee.

This committee was implemented as a part of the 2013 governance review.

6 ROLE OF THE COMMITTEE

6.1 Purpose of the Committee

Objective	How the group / committee will meet this objective
Governance and compliance	The MHL Committee provides assurance to the Board regarding compliance with all aspects of the Mental Health Act 1983 and subsequent amendments and on compliance with all aspects of mental health legislation including, but not limited to the Mental Capacity Act 2005 and Deprivation of Liberty Safeguards / Liberty Protection Safeguards.

6.2 Guiding principles for members (and attendees) when carrying out the duties of the group / committee

In carrying out their duties, members of the group / committee and any attendees of the group / committee must ensure that they act in accordance with the values of the Trust, which are:

- We have integrity
- We are caring
- We keep it simple.

6.3 Duties of the Committee

The MHL Committee has the following duties:

Mental Health Legislation

- The Committee will monitor and review the adequacy of the Trust's processes for administering the Mental Health Act 1983 and subsequent amendments and on compliance with all aspects of mental health legislation including the Mental Capacity Act 2005 and the Deprivation of Liberty Safeguards / Liberty Protection Safeguards.
- Formally submit an annual report on its activities and findings to the Board of Directors.
- Consider and make recommendations on other issues and concerns in order to ensure compliance with the relevant mental health legislation and to promote best practice by adherence to the codes of practice.
- Review the findings of other relevant reports functions, both internal and external to the organisation, and consider the implications for the governance of the organisation

Mental Health Act Managers' Forum

- The Mental Health Legislation Committee will ensure that the Mental Health Act Managers' Forum is supported to share experience, promote shared learning and raise concerns, where appropriate both amongst themselves and, with the Trust Board and management
- The Mental Health Legislation Committee will act as arbiter of any disputes in the work of Mental Health Act Managers arising either through the Mental Health Act Managers Forum or from individuals

Performance and Regulatory Compliance

- Will receive assurance from the MHL Operational Steering Group regarding the flow of Mental Health Act inspection reports and related Provider Action Statements.
- Will receive assurance from the MHAMs Forum regarding training, learning and development.
- To provide relevant assurance to the Board as to evidence of compliance with the Care Quality Commission registration and commissioning requirements related to Mental Health Act.

Training, Clinical Development and Guidance

- To monitor and recommend action to ensure there are adequate staff members/skill mix trained in the application of mental health legislation and

there is sufficient training provided to maintain the required competency levels within clinical teams.

- To oversee the development and implementation of good clinical practice guidelines and effective administrative procedures in regard to the Mental Health Act and Mental Capacity Act 2005 and the Deprivation of Liberty Safeguards / Liberty Protection Safeguards and advise on any other matters pertinent to MCA within the Trust

Assurance

- To ensure adequate quality control arrangements are in place to enable:
 - An Annual Mental Health Act report
 - Continuous monitoring arrangements
 - The agreed board reporting process
- To ensure there is an agreed programme of clinical audit and mechanisms for following up actions arising
- Receive the Board Assurance Framework and ensure that sufficient assurance is being received by the Committee in respect of those strategic risks where it is listed as an assurance receiver
- Receive the quarterly documentation audit to be assured of the findings, how these will be addressed and progress with actions.

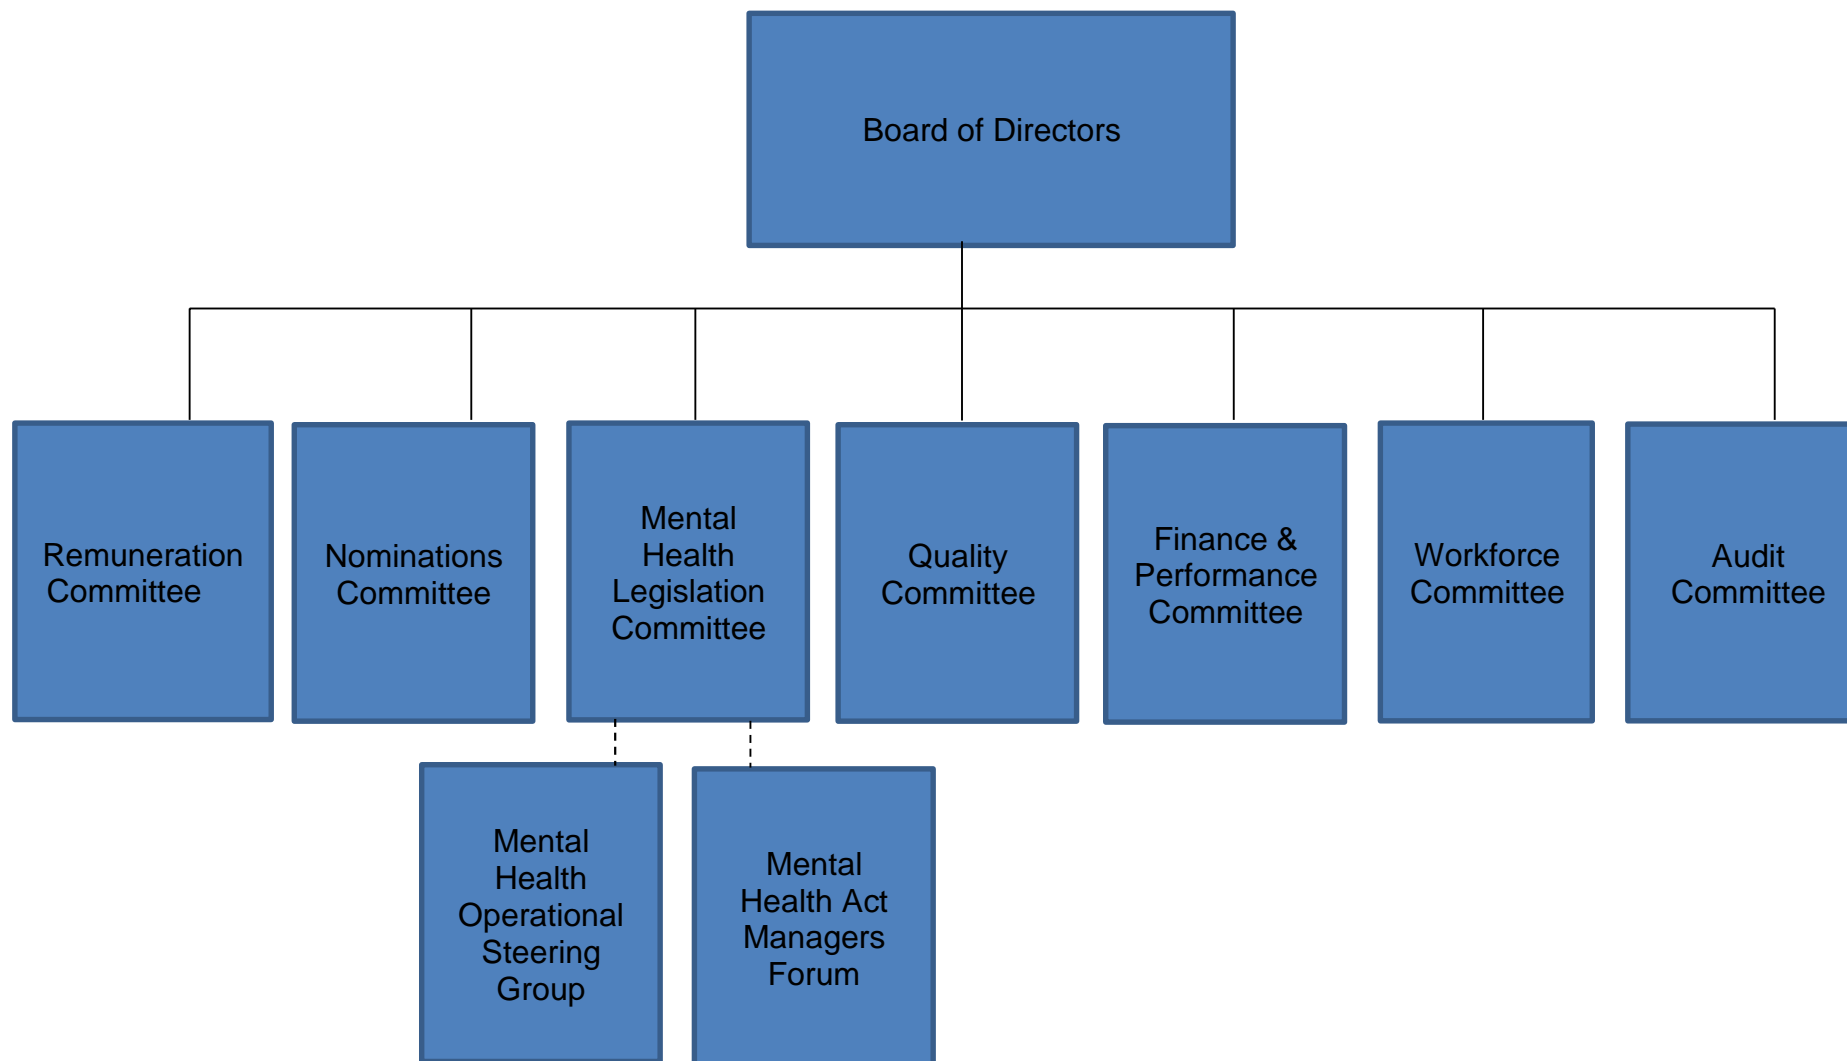

Service user and carer involvement

- To ensure there is a mechanism for service users, carers, and other groups with an interest to contribute to discussions and agreement on proper use of the relevant legislation, with particular regard to the experience of compulsory detention and its therapeutic impact
- Consider any feedback received from service user surveys

Internal audit

- The Committee will review the draft Internal Audit Annual work plan so it can be assured on the sufficiency of the work the Auditors will carry out in respect of matters pertaining to the duties of the Committee. Assurance on the plan's sufficiency (or comments on any matters that should be included) will be provided to the Audit Committee to allow it to approve the overall plan

7 RELATIONSHIP WITH OTHER GROUPS AND COMMITTEES

8 DUTIES OF THE CHAIR

The chair of the committee shall be responsible for:

- Agreeing the agenda
- Directing the meeting ensuring it operates in accordance with the Trust's values
- Giving direction to the minute taker
- Ensuring everyone at the meeting has a reasonable chance to contribute to the discussion
- Ensuring discussions are productive, and when they are not productive, they are efficiently brought to a conclusion
- Deciding when it is beneficial to vote on a motion or decision
- Checking the minutes
- Ensuring sufficient information is presented to the Trust Board of Directors in respect of the work of the committee.
- Ensuring that governor observers are offered an opportunity at the end of the meeting to raise any points of clarification.

It will be the responsibility of the chair of the Committee to ensure that it (or any group that reports to it) carries out an assessment of effectiveness annually, and ensure the outcome is reported to the Trust Board along with any remedial action to address weaknesses. The chair will also be responsible for ensuring that the actions to address any areas of weakness are completed.

In the event of there being a dispute between any 'groups' in the hierarchy (in the case of this Board sub-committee, this would be between the Board and the Mental Health Legislation Committee and, in recognition of the nature of matrix working between the work of all Board sub-committees, the Mental Health Legislation Committee and any other Board sub-committee) it will be for the chairs of those groups to ensure there is an agreed process for resolution; that the dispute is reported back to the 'groups' concerned; and that when a resolution is proposed the outcome this is also reported back to the 'groups' concerned for agreement.

9 REVIEW OF THE TERMS OF REFERENCE AND EFFECTIVENESS

The terms of reference shall be reviewed by the committee at least annually and be presented to the Board of Directors for ratification, where there has been a change.

In addition to this the chair must ensure the Committee carries out an annual assessment of how effectively it is carrying out its duties and make a report to the Board of Directors including any recommendations for improvement.

Schedule of deputies

It may not be necessary or appropriate for all members (or attendees) to have a deputy attend in their absence. If this is the case please state below “no deputy required”.

Full member (by job title)	Deputy (by job title)
