COVID-19

**A GUIDE TO WORKING SAFELY
IN NON-CLINICAL AREAS WITH
NO PATIENT CONTACT**

Following these points will ensure you do not breach test and trace requirements in the event you are linked to a COVID-19 positive case.

- Maintain 2 meter spacing
- Wear masks at all times
- You can pass within 1 meter of a person when wearing a mask (do not exceed 1 minute)
- If someone stops to talk with you, ask them to step back 2 meters
- If you are within 2 meters of someone for more than 1 minute, full mask and visor/spectacles should be worn
- You do not need to wear a mask if in a room by yourself, be ready to wear a mask if someone enters
- Maintain 2 meter distance when eating and drinking

STAY ALERT > CONTROL THE VIRUS > SAVE LIVES
