

# SUN MISSION STATEMENT

---

## Service User Network (SUN)

The purpose and function of the **Service User Network (SUN)** is to work closely with **mental health and learning disabilities service providers to explore what works well and what areas may need further improvement.**

**By attending SUN** you will have the opportunity to share your experience and listen to the experiences of other people who access services. You will play a major role in highlighting areas of concern or areas where improvements could be made.

### What SUN can offer you the opportunity to do:

- Join a confidential network
- Attend regular events
- Access SUN private Facebook group
- Put your personal experiences to practical use
- Receive support and advice on issues that matter to you
- Meet with like-minded people
- Propose guest speakers to talk about topics of interest to you and answer your questions

### What you can offer SUN

- Share your ideas about how mental health and learning disability services should improve
- Utilise your experiences positively for improving services
- Meet with like-minded people
