

# SERVICE USER NETWORK

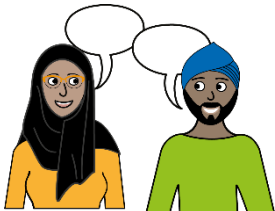

Service User Network (SUN) is run by Leeds and York Partnerships NHS Trust.

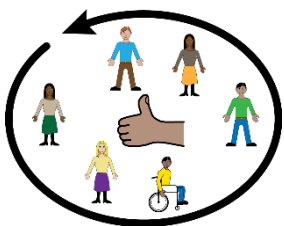

Service User Network (SUN) is for people who want to help make mental health or learning disability services better.

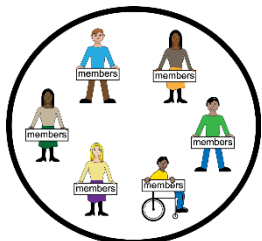

SUN members share their experiences by coming to events, meetings, talking in small groups or answering questionnaires.

SUN members tell staff what they think about our services so that changes can be made.

Getting involved helps people with recovery, wellbeing, and confidence.

New members are always welcome.

To find out more, please call 0113 855 6840 or email [patientexperience.lypft@nhs.net](mailto:patientexperience.lypft@nhs.net)
