Let's refresh our strategy why, how and when

Join us to collaboratively create our future direction and help make the Trust the fantastic organisation it has the potential to be.

We are re-imagining the future of the Trust and have already had 10 listening events. In some areas we are outstanding and in others you've shown us where we can improve.

But we want everyone to share with us what good looks like and we cannot physically meet with everyone personally.

Your Voice Counts is a way to include **EVERYONE** in an online conversation and this is the first of two.

Your Voice Counts:

- *is available to everyone*
- *is always accessible 24/7 and you can revisit it*
- *values everyone's opinions*
- *builds on each other's great ideas*
- *is absolutely anonymous*

"Let's refresh
our strategy"

"Re-imagine
our future"

APRIL

In April our staff and stakeholders will be invited to our new Your Voice Counts website, where the first of our online workshops will focus on our vision for the future and the values you want everyone to hold close to their hearts.

MAY

In May, we'll focus on what we need to stop, start or change to bring this vision to life.

JUNE

In June we will take stock and ask our stakeholders to review your contributions.

JULY

In July we will submit the outline strategy refresh to our Board.
