

Dementia Action Week 2018

Monday 21 to Sunday 27 May

It's time to unite and take action on dementia.

The goal of Dementia Action Week is to encourage people to take action to improve the lives of those affected by dementia, working to create a dementia-friendly UK where those with dementia do not feel excluded.

There are 850,000 people in the UK who are affected by dementia, and it does not just affect older people, 40,000 people in the UK under the age of 65 suffer from early onset dementia.

Information stands will be on display throughout the Trust and staff will be at locations across the city during the week, so please come along to learn more about dementia and support this important cause.

Saturday 19 May

9am to 12.30pm
