

## Involvement Conferences

Every two years Network staff and service users put on an involvement conference together. These aim to bring service users, carers and staff together to discuss and improve involvement.

## Service User Network (SUN)

SUN is Leeds and York Partnership NHS Foundation Trust's Service User Network. It aims to support all service users and carers to express their views, share experiences, explore what works well in the Trust and provide valuable feedback around areas which need improvement.

## Reimbursement for Involvement

Service users will receive travel expenses for any involvement related activity. For interviews, research, project work or training, service users will receive a high street shopping voucher. These are given at the discretion of the service.

We believe that people who use personality disorder services are **experts by experience**, so your involvement is **vital** to improve services. There are lots of ways for you to give feedback about your experiences with the Network, and to get involved in developing and improving our services.

### Annual Service User Satisfaction Survey

An annual survey to collect feedback from current and recently discharged Network service users which is available on paper or online.

### Involvement Website

A website created by and for service users which features news, involvement information and opportunities, and service user stories, poems and artwork. Contributions welcome.

### Focus Groups

A regular space for current Network service users to share views, opinions and give feedback, usually on a specific theme.

### Consultation

Opportunities to provide a service user perspective for one-off events or activities.

### Recruitment

The chance to take part in an interview panel to select new members of staff.

### Teaching and Training

Preparing and/or co-facilitating presentations, workshops and training sessions around personality disorder, trauma and other issues.

### Personalities in Action

A monthly service user involvement group to share views and give feedback, and to work with staff to design, deliver and improve services.

### Involvement Steering Group

This group aims to establish and oversee all service user involvement activity within the Network. It works closely with 'Personalities in Action' to deliver involvement activities.

### Clinical Governance Meetings

This group aims to make sure services are safe and effective. Involvement is always on the agenda to ensure we are working safely and effectively with you to improve services.
